The Specified Hospital List

The Specified Hospital List details the hospitals in the United Kingdom that are available for you to use under the terms of your policy. In the list below, we have arranged the hospitals into geographical areas and listed them alphabetically by town. Please call us if you have any questions.

Be sure to call us first

When you see your GP we recommend you ask for an ‘open referral’. This is where the GP states the type of specialist you need to see, but doesn’t specify the specialist’s name. Alternatively you can call us with a referral to a named specialist.

Once you have an open referral or a referral to a named specialist from your GP please call us on

0800 056 4864. We’ll then check that the treatment you need will be covered before you incur any costs. If you have an open referral, we’ll help to find you a selected provider.

Please see section 4 of your handbook for full details of how to arrange treatment and make a claim.

Key to symbols
OS Oral surgery arrangement in place
CS Cataract surgery arrangement in place
Scanning centres – these centres provide:
M MRI (magnetic resonance imaging)
C CT (computerised tomography)
P PET (positron emission tomography)
These are usually carried out on an out-patient basis. Only the centres listed can be used for out-patient scanning.
G General hospitals – acute medical and surgical hospitals and day-patient units which are recommended by AXA PPP healthcare following our selection process and where you will receive a full refund for hospital treatment.
