

Additional benefits for members living in the Channel Islands

The following benefits on a Solutions policy apply to members living in the Channel Islands.

- **Travel costs for up to six return trips.**

This benefit applies when a specialist recommends eligible in-patient or day-patient treatment that isn't available on the member's island of residence.

Benefit will be available to reimburse travel costs up to a limit of £300 each return trip. This covers travel costs between the member's place of residence and the intended medical facility on mainland Great Britain only. Up to six return trips each member every policy year. Please note, as a Channel Islands customer, if your treatment is available on your island of residence, but you choose to use a facility that isn't on your island of residence, travel costs won't be covered.

- **X-rays and ultrasounds on referral by a member's GP.**

- **GP fees up to a maximum of £400 each member every policy year.**

- **Accompanying a child undergoing eligible treatment; one parent only.**

Travel costs up to £300 each return trip and accommodation for a parent accompanying and staying with a child aged 15 and under covered by the policy.

These benefits are subject to the selected policy options and the policy terms and conditions, for example if you have an excess. You can request a copy of your terms and conditions by contacting us on the number found in your policy documentation.

For further information about our Channel Island benefits, please contact your usual healthcare sales consultant.
