General Information

A Participating Hospital is:

A hospital or medical facility approved by General & Medical, that charge within reasonable guidelines for the treatment of our clients. All these approved sites are listed within our Participating Hospital List

A Non-Participating Hospital is:

A hospital may not be on our list of Participating Hospitals because:

- General & Medical do not have arrangements with them, or
- they charge outside reasonable limits, or
- in the opinion of General & Medical, they do not offer the standard of facilities, which our clients deserve.

Before booking your treatment, please note the following.

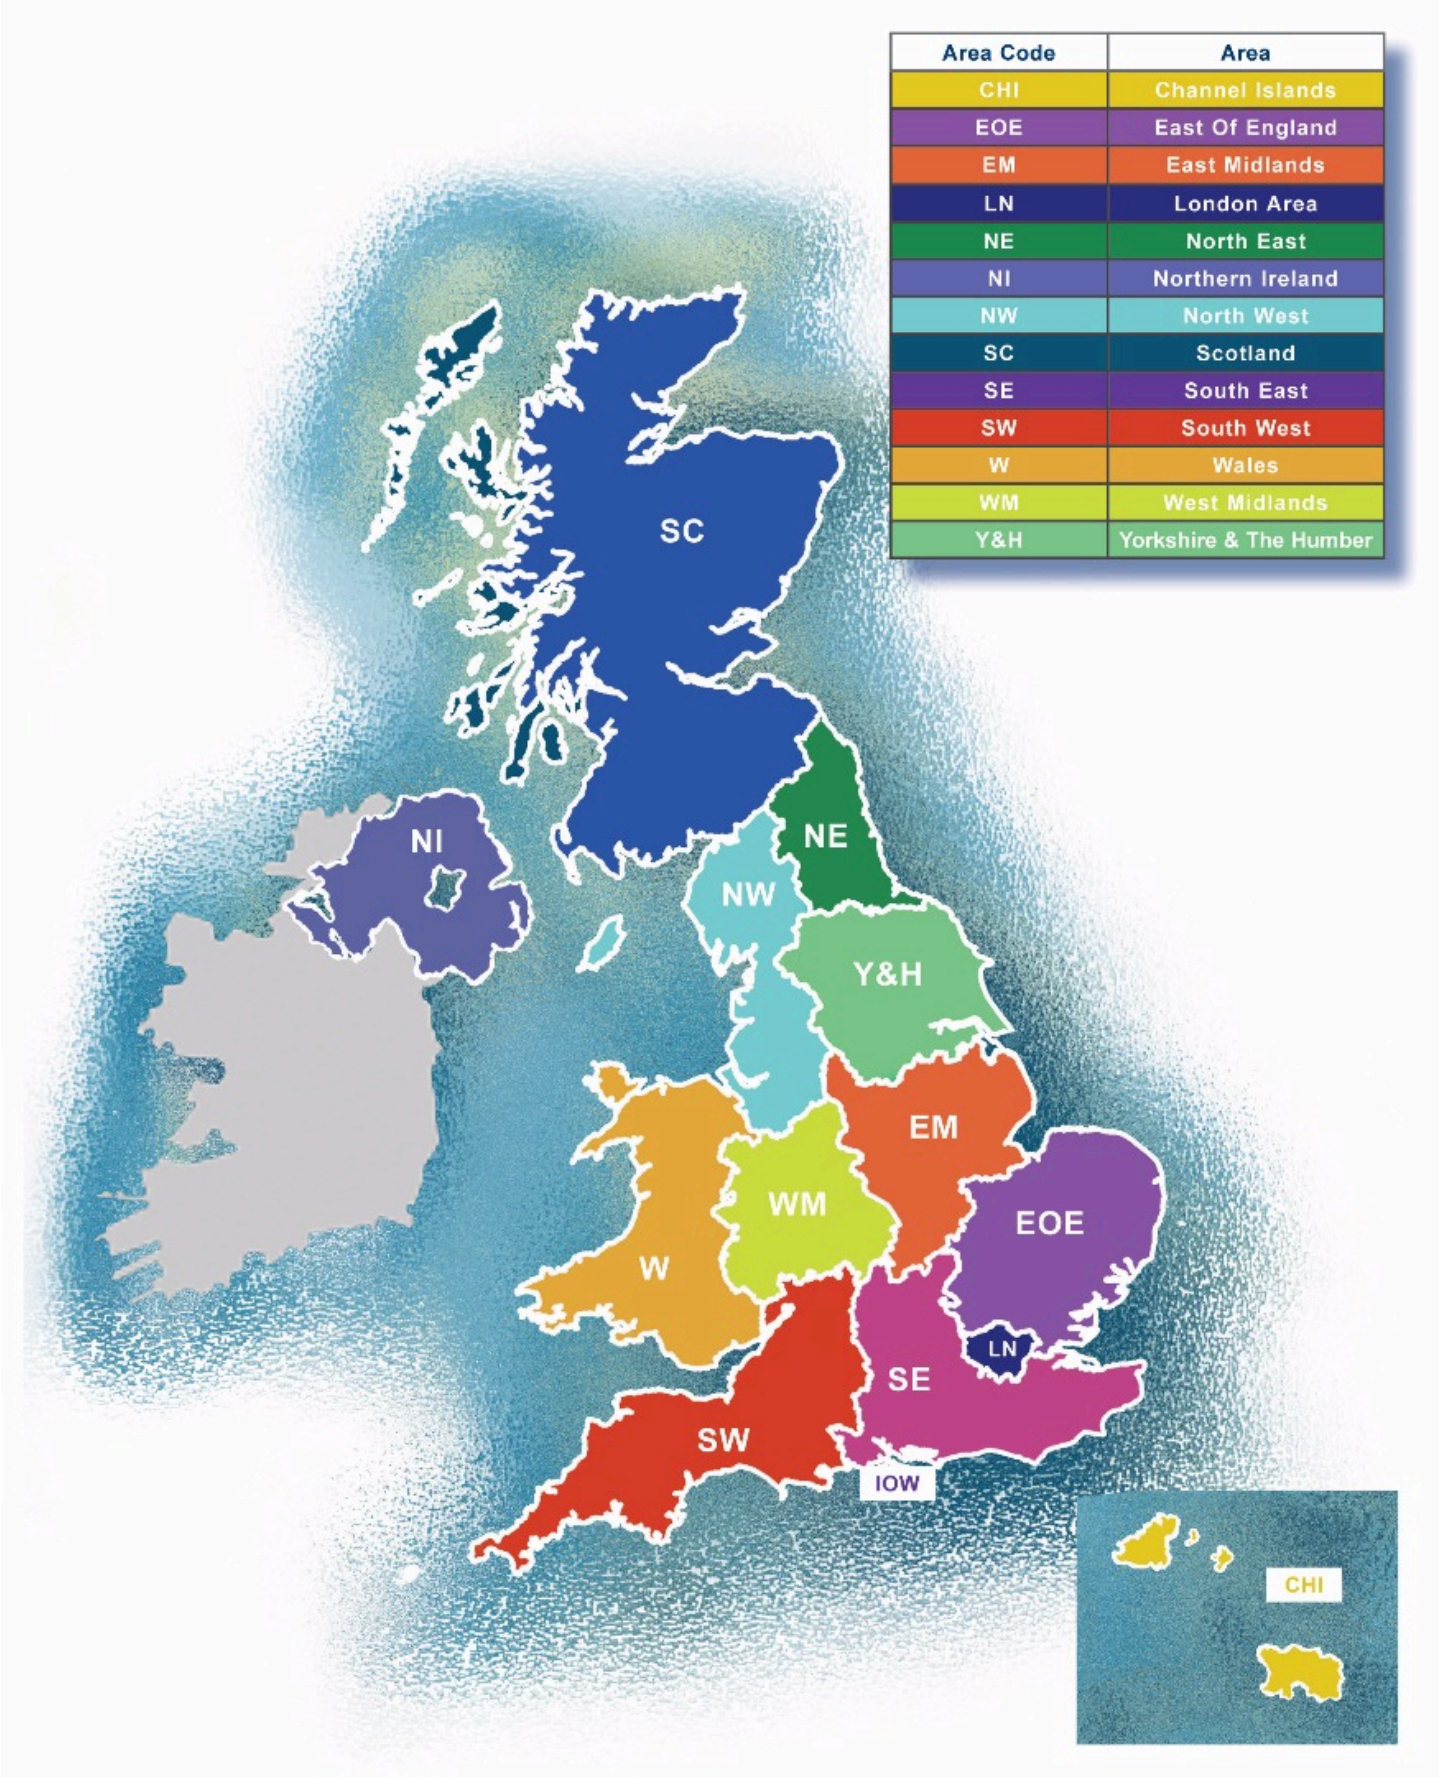

If, out of choice or clinical necessity, you require to use a Non-Participating Hospital, you are free to do so. However, please note that in these circumstances General & Medical will not pay any amount towards your incurred costs and you will be liable to pay the full cost of your treatment.

In this brochure you will find details of the facilities, both Private and NHS, throughout the UK and the Channel Islands. It is intended as a guide only and is subject to change from time to time.

Please contact General & Medical on **0800 970 9442** or **01733 233200** if you have any specific questions.
