General & Medical are constantly building on existing relationships with our participating hospitals and medical facilities, to ensure you receive the very highest standards of care at a choice of over 1000 facilities nationwide. In this publication are a list of the main medical facilities available.

Correct at time of printing… January 2024. Please refer to www.generalandmedical.com/hospitals for the most up to date list of providers.

Where we have agreed special services for our members from selected providers, the details of these services can be found on the providers listing on our website.

These services may change from time to time so always check our website before using any of the providers shown.

First Choice Hospitals

Our First Choice Hospitals are a select group of private hospitals and clinics at locations throughout the UK, including London, with whom General & Medical have close association. These include Spire Healthcare, Ramsay Healthcare, Circle Health Group and the majority of the Nuffield facilities. Those who choose our First Choice Hospitals benefit from our lowest premiums. In this guide, the facilities highlighted with pictures are all part of our First Choice group.

Freedom Hospitals

Freedom Hospitals include all First Choice facilities and give members access to additional facilities throughout the UK, which are mainly NHS hospitals with private facilities attached, plus most other London hospitals.

Premium Hospitals

Our Premium Hospitals are specialist facilities, that due to their location and reputation are able to charge substantially more for their medical services. Our Premium Hospitals can be added as an extra upgrade to our First Choice or Freedom Hospitals giving a comprehensive selection, however this is subject to an increase in your monthly fee.

General Information

A Participating Hospital is:

A hospital or medical facility approved by General & Medical, that charge within reasonable guidelines for the treatment of our clients. All these approved sites are listed within our Participating Hospital List

A Non-Participating Hospital is:

A hospital may not be on our list of Participating Hospitals because:

- General & Medical do not have arrangements with them, or
- they charge outside reasonable limits, or
- in the opinion of General & Medical, they do not offer the standard of facilities, which our clients deserve.

Before booking your treatment, please note the following.

If out of choice or clinical necessity you require to use a Non-Participating Hospital, or a Participating Hospital that is outside the Hospital List appropriate to your selected level of cover, you are free to do so. However, please note that in these circumstances General & Medical will only pay the amount deemed reasonable, (up to the limits listed in table A below), towards the cost of a claim covered under your membership.

Table A

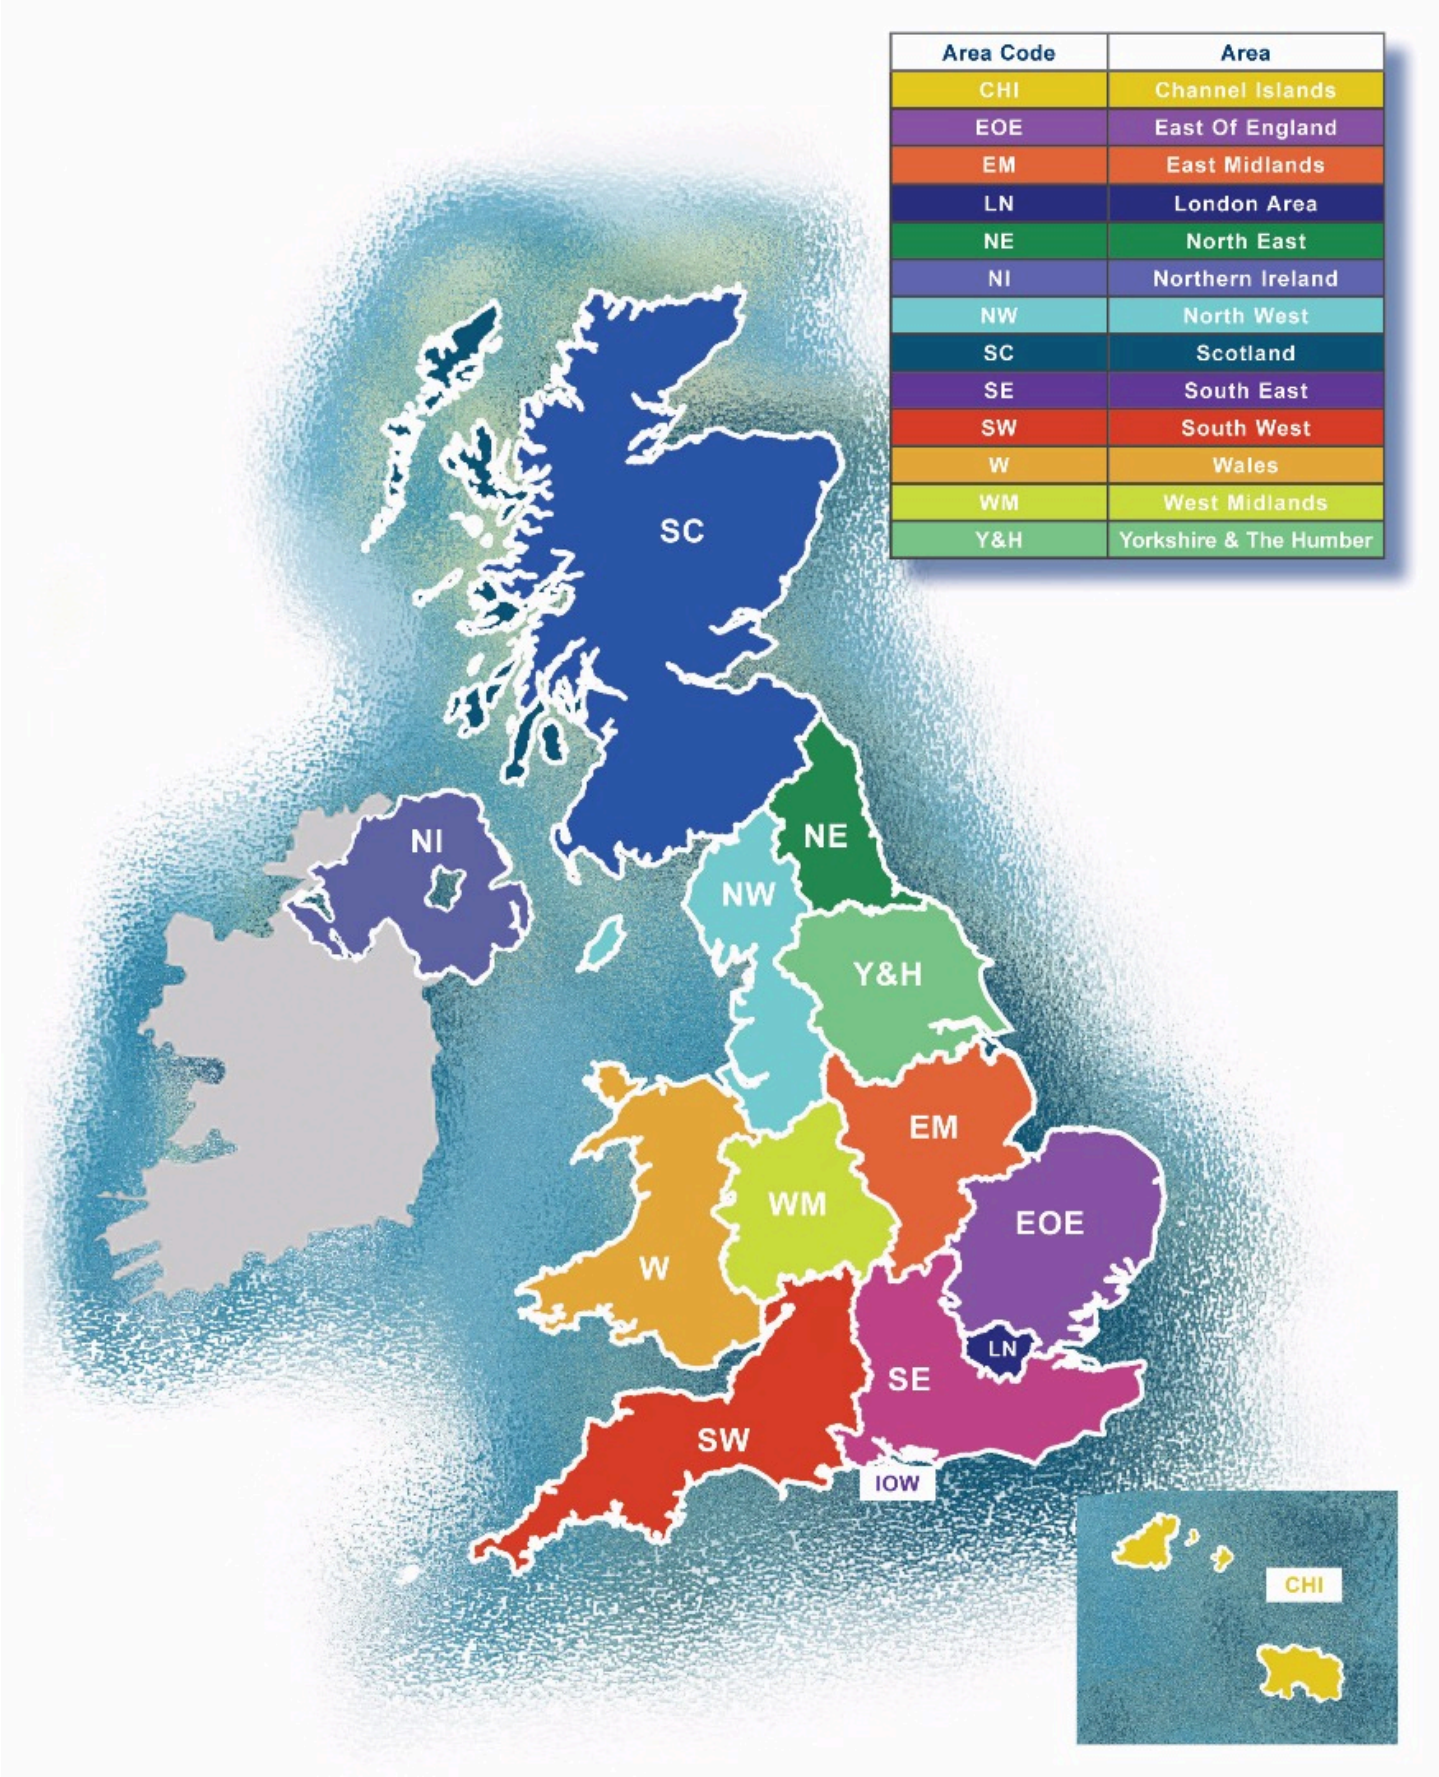

Your Selected Hospital Level	Chosen Level of Hospital for Treatment			
	First Choice Hospitals	Freedom Hospitals	Premium Hospitals	Non Participating Hospitals
First Choice	100%	75%	50%	50%
Freedom	100%	100%	50%	50%
Premium	100%	100%	100%	50%

This list details the Hospitals, both Private and NHS, throughout the UK and the Channel Islands. It is intended as a guide only and is subject to change from time to time.

Please contact General & Medical on 0800 970 9442 or 01733 233200 if you have any specific questions.
